CREATIVE AND PASSIONATE

As a dedicated UI/UX Engineer with over 5 years of experience, I am passionate about creating intuitive and impactful design experiences with Research & Development. I aim to leverage my expertise in user-centered design, front-end development, and cross-functional collaboration to contribute to a dynamic team. My goal is to continuously grow in a challenging environment where I can drive innovation and enhance user engagement.

ACADEMIC

- 2021** BSC. IN MANAGEMENT INFORMATION SYSTEMS National School of Business Management
- 2016** G.C.E ADVANCED LEVEL (2016) Thurstan College, Colombo

Role: UIUX Designer
- KFC** I'm involved with the UI and UX Designing project in Sri Lanka. Design ux- Popups , Delivery system and overview.
Role: UIUX Designer
- Services Hub** Services Hub a comprehensive freelance platform designed to connect customers with skilled vendors. As part of this UI/UX design and R&D project, I focused on creating intuitive and efficient interfaces for admin, customer, and vendor profiles, ensuring a seamless and productive user experience for all stakeholders.
Role: UIUX Designer
- Wisconsin Rut Report** Wisconsin Rut Report," an app designed to bring Wisconsin whitetail hunters together in a community-driven, forum-style platform. As the UI/UX Designer, I focused on creating an engaging and user-friendly interface that allows hunters to share their experiences, tips, and observations from the field.
Role: UIUX Designer

“

I have contributed to diverse projects and products across various industries, working alongside project managers, business analysts, developers, and testers to achieve quality results. My role has involved Research & Development, brainstorming solutions, presenting concepts, creating prototypes with varying levels of detail, and focusing on UI development, interaction design, and frontend development.

”

RESEARCH

- Services Hub** The main goal is to create a user-friendly platform for vendors to showcase their skills across various categories, allowing them to gain fair value for their expertise. Additionally, the platform will provide a trustworthy and detailed space for customers to hire the best-skilled professionals at the right time.
